Come and take my hand, tonight, we can fly back into
my dream again.

Baby there's a room for, two, filled with rose petals
from the stairs to bed.

Making love until the sun comes up again.

Hear the birdies sing wake up, wake up.

Make this dream reality discover me, we just gotta
have faith in our love

Ooooooh, oooh, love, we just gotta have faith in our love.

Ooooooh, oooh, love, we just gotta have faith in our love.

Faith in our love.

Faith in our love.
