I saw it flash before my eyes!! Blitzkrieg witchcraft!

Evil night, Hell on earth! As the black sky turns to a white out of light!

Mushroom clouds of endless size rise and shine, blinding all, total fear is all you feel!

Scream in silence as your soul explodes! Death construction war machine flying free on nightmare wings!

The only thing that you see is an insane black abyss open up, still the missiles strike!

You're gonna learn the hard way, that the world don't wanna be saved

So when it calls for doomsday...

I'll kick back, step out! I see...

Blitzkrieg witchcraft - massmurder megaslaughter!

Madness, terror - the occult power of destruction!

Nuclear warfare - burning storms of radiation!

H-bomb! Sieg Satan - Exploding bodies uber alles!

Come and take it away!

Fatal end from beyond. Black magician, politician, devastation ritual!

To be king, on the other side, a psychedelic kamikaze to kill all life

Burst command! Death is done! Horror power

holocaust! Demons dance in nuclear winds!

Extreme evil! Terrify! The sky caves in and breaks as you're falling down to Hell!

You're gonna learn the hard way, that your soul don't wanna be saved

So when it calls for doomsday...

Kick back, step out, watch it all fall apart! You'll see:

Blitzkrieg witchcraft - massmurder megaslaughter!

Madness, terror - the occult power of destruction!

Nuclear warfare - burning storms of radiation!

A-Bomb! Pure deathfuck - yeah, God really loves his children:

There will be peace and silence... in eternity
Your prayers have finally been answered!
