Armageddon karma, the Devil's got my heart  
Loosen all hope and walk through me  
There are people cold, and people burning  
Are you one of the damned? Born to burn, mad to live  
The second death repeated

Dying again and again  
And the way I'm feeling now  
Leaves me without choice

I am hell, I've got to suffer every time it holds me  
I am hell, it's growing stronger every time, it swallows  
me again  
Damnation's flame

You tell me not to scream as if you knew about pain  
You tell me not to bleed as if you knew about hate  
You tell me to turn around as if I ever had a choice  
To take your hand as if you could save this soul of mine

Dying again and again  
From the things I can't remember  
To the things I can't forget

I am hell, I've got to suffer every time it holds me  
I am hell, it's growing stronger every time, it swallows  
me again  
Damnation's flame burning deep in my soul

I've put my faith to fire, laid my life in the flames  
Descended and met myself a thorn of pain in all I do  
But no, a tear in my eyes leather bound legacy  
The pain of Satan, the second death repeated

Dying again and again  
And the way I'm feeling now  
Leaves me without choice  
The second death repeated

Dying again and again  
From the things I can't remember  
To the things I can't forget

I am hell, I've got to suffer every time it holds me  
I am hell, it's growing stronger every time, it swallows  
me again  
Damnation's flame burning deep in my soul
