...enter the fifth dimension...the sign of the  
pentagram...

This one is for all you sinners who know what you're  
doing  
Getting laid, getting loaded, get it on, standing one  
more round...  
In the killing star! Superbia Luxuria XXX!

Five point magic star made of magic in the dawn of  
time  
Bearing the knowledge of ancient occult wizards  
Grand black mystery, sign of high bizarre power  
Inspired by visions and journey's into the fifth  
dimension  
The sign of the...

Killing star, killing star - glowing!  
Killing star, killing star - pentagram!  
Horrorload, overkill - magic!  
Hell-o-matic dreamhead - miracle!  
Killing star, killing star - 5-D  
Killing star, killing star - mystery!  
Supercharged baphomet - in the sky!  
Thunder power shock-show - blasphemy!

A thousand stars explode inside!  
Superbia luxuria, pride and lust!

With it's head down, feet up and arms outstretched  
It's the secret symbol of Lucifer's fall from Heaven  
One point down showing the way to Hell  
The way that we all shall go, we will all be burning  
In the sign of the...

Killing star, killing star - flaming!  
Killing star, killing star - pentagram!  
Horrorload overkill - magic!  
Dream-o-rama hellhead - miracle!  
Killing star, killing star - 5-D  
Killing star, killing star - mystery!  
Supercharged challenger - in the sky!

Thunder power shellshock - to kill your mind!

Dimensions open...deepen the darkness

I see a darkly splendid midnight world...  
And I watch and love and lose my breath...

Pentagram! Entangle me in your lines of shape!  
Killing Star! Be my astral shield of strength and power!

Offer me protection and guide me where my  
knowledge ends  
When I'm into the void and out of my mind  
Twisting and turning in your five dimensions.  
Darkness! Horror! Devil star rising!  
Superbia Luxuria 666!

The horned goat - mad image of sex and rage and  
intoxication  
Used by unholy ones in all times - in nightly orgies  
Drink deep to the devil in remembrance of the fallen  
ones  
You are not forgotten! We shall all meet again  
Under the sign of the...

Killing star, killing star  
Killing star, killing star  
Demon star, killing star  
Killing star, killing star

Killing star, killing star  
Killing star, killing star  
Demon star, killing star  
Killing star, killing star

Killing star, killing star - demon!  
Killing star, killing star - Devilgod!  
Demon star, killing star - seven!  
Killing star, killing star - deadly royal sins!

Killing star, killing star - demon!  
Killing star, killing star - Devilgod!  
Demon star, killing star - seven!  
Killing star, killing star - deadly royal sins!

Orgasms open... deepen the darkness...

I'm in the electro-satanic ladyland: as I come and love  
and lose my soul!

...exit the pentagram...return with knowledge...
