Inhale glory, exhale fear...no God or master to make  
me kneel  
Inhale courage, explode force...I am Lord I break your  
laws  
I raise my fist in blasphemy, with the sign of the  
horns...In praise of the rebel angel.  
Who stood proud, stood strong, alone, against God  
Cast out, thrown down. Hated, feared and left to die!

I am the rebel angel, living like the devil  
Rebel angel, to the death!

Call of the devil, follow the devil, fall like an angel, rise  
like the devil.

I take pleasure, the forbidden fruits...you fear my  
freedom and call me evil  
Inhale darkness, feel the strength: every wound just  
makes me harder  
I am demon, burning feathers...the wings of my soul  
turn into leather  
Inhale vengeance, feed the flames: howling in hatred,  
screaming in Hell  
You cannot control me; I'm so much stronger.

I'm your enemy, I'm your Satan...and this fire burns  
deeper than you'll ever know!

I am the rebel angel, living like the devil  
Rebel angel, to the death!

Call of the devil, follow the devil, fall like an angel, rise  
like the devil  
Call of the devil, follow the devil, fall like an angel, rise  
like the devil

Take it to the sky...from below...  
Arise from the ashes...come take your revenge:  
Burn through the heavens!! Fallen angel fly again!!

I am the saint of sinners, defender of the devil  
Rebel angel, to the death!

Flying through these nightmares, burning worlds of  
hell, yeah  
Horror angel, till I die!

And on this path of pain, I stand all alone...  
Rebel angel, to the end and to the death!
