Take this, BROKEN illusion. [with it lets slit our wrists.] in
the bleeding... this will all make sense. the tears we
cried now run dry. your EXPECTATIONS were so high...
and I'm afraid that it's more than I can give. so HOLD
ME close. so I can feel your bones burn marks into my
flesh. YOUR eyes intoxicate ME. as my
lips.steal.your.last.breath. I'll TRY, tonight. I'll try
TONIGHT. I'll try tonight... tonight I'll give you
...all.I.have. so lie still. this hurts ME more than it's
hurting YOU. so close your eyes... I'll never let YOU
open them again. and this rain of night, it will wash
away this BLOOD stained site.
{loving YOU is my weakness. loving YOU is my
weakness. loving YOU is my weakness.}
