Leave me in the morning
Don't leave me now
Laying against your shoulder
Without you, my bed gets colder

Why should you run
Leave with the sun

Leave me in the morning
And I'll never know
That I'm alone without you
I'll be asleep dreaming about you
Holding you near
As if you were here

Touch me for the last time
Feel me, thrill me
Fill me once again

When you go
I don't want to know
Wait until I'm sleeping
Now I feel bad

Leave me in the morning
Don't leave me now
Laying against your shoulder
Without you, my bed gets colder

Leaving so sad
I'll be missing so bad
All the good times we had

Baby, baby, baby
Leave me in the morning
(All the good times we had)
Baby, baby, baby
Don't you leave me now
(All the good times we had)

Baby, baby, baby
Leave me in the morning

(All the good times we had)
Baby, baby, baby...
