

Odious Mortem

"Unstable"

Visit "[Unstable](#)" on MotoLyrics.com

Frustrated from life's pain
Torn apart by money
Going to explode soon
Nothing seems to work

Unstable - there's no end to stress
Unstable - getting worked over by life

We work so hard - we're behind
Try to trust - we just get fucked
Blown away - by all hell
We face each day
Life is hard

Each day things just get worse
Relationships fall apart
People tear our souls out
Money stopping life's flow

Agony - Unstable

The way life is - People die
We work so hard - we're behind
Try to trust - we just get fucked
Blown away - by all hell
