We're out of control
When is it time to see what is going on?
We will rise with all of our sacrifice
I can't believe they can get away with
Sending us to die

Soldiers fight with their lives
For the love of our country
But they put their own lives
Under the rule of evil power
Our own people are dying
So he can hide his evil scams

Why do you lie?
Must stop the death
Unstoppable war

We're out of control
Must stop the greed
Must stop the lies
