Run!
Your life is burning up tonight
Again away it's time to face
I feel the fear but you are near
My mind, my skin
I feel the spirit of my life

Day and night
My dreams are just the same
My mind, my pain, the sign, the way
Your eyes, your steel, I understand
The meaning of you and me so
I will cry vengeance

Oh! My soul is so fired tonight!
Oh! In my skin

I feel the power the game is over
Will get the light
Burning time

Fight! Resist!
One day you will be first
The king of dreams run any risk
The revelation coming now
I can understand the future
I couldn't stand anymore

Oh! My soul is so fired tonight!
Oh! In my skin
I feel the power the game is over
Will get the light
Burning time
