When I watch out of my window  
I see all the people laughs and joke  
While I'm working so hard and tiring  
But nobody helps me to succeed

If you could give me a chance to try  
I'm sure you would change your opinion  
Leave me alone

Cry no more we'll end my pain  
You've to believe in me

And the world will change  
And the world will change  
Till I've a chance I'll try again

Maybe one day we will  
Cry no more we'll end my pain  
You've to believe in me  
And the world will change  
And the world will change  
Till I've a chance I'll try again
