[Lyrics: Sando]

[Verse 1:]

Behind every chapter,  
Is the shadow of a lie.  
Crushing my very soul,  
And yet you fail to believe,  
In what I am..... What you made me.....  
But can't see.  
Am I not seen clearly?  
...all I want is an answer.

[Chorus:]

Who am I?  
What am I?  
What Have I become?  
- Another pawn from your neglect.

And still you lay me, down to rest...  
As a child you call your own.

[Verse 2:]

All my dreams lay shattered,  
From this wasted life.  
And what I see through your eyes,  
Is all I see of mine.  
What I had..... What I once loved.....  
What I lost.  
Taken too soon from them.  
...all I want is an answer.
