"Dying For Love"

Visit "[Dying For Love](#)" on MotoLyrics.com

Another day I'd walk away
But I need someone to be there
Close my mind to bad memories
Times I wake up scared
I know my ways have left me along girl
Watch my world go round and around me
Gather around and let my song begin
'Cause I can't wait 'til the music ends

"Cause I'm dying, dying for love

Why doesn't somebody hear me
I'm crying, crying out loud
Why doesn't somebody let me in

There was a time I longed to be free girl
I'm setting out to find my dream
I'll knock on doors I thought were closed to me
I'll climb the mountains, swim the deepest sea

Repeat Chorus
