Oh well it all makes sense
Figured out your defenses
You and your masquerade
Of peaches and cream
You watch us play it cool
Meanwhile you know that we're the fools
And I've met them all before
You're the best that I've seen oh baby

You wear it well (oh yeah)
You wear it well oh yeah
I wouldn't ever want to cross you
Cause that's how all the others lost you
You wear it well (oh yeah)
You wear it well oh yeah
And if you ever cross me I'll be gone

You in your old blue jeans
Standin so tall as you make the scene
But you still make my heart sing
Or at least for a while now baby

You wear it well (oh yeah)
You wear it well oh yeah
And I don't know if I should trust you
But something tells me that I've got to
You wear it well (oh yeah)
You wear it well oh yeah
But if you ever cross me I'll be gone
