Once again he is drawn into action

Where judgments are served, where the qliphoth thrive

Unveil himself for his contradiction

To strangle the shells that keep their ungod alive

Concealed, until judgment calls, near the bride (of
Microprosopus)

Once again called to raise his head

Upon the field where all forces are bound to collide

Preparing her for the wedding, covering her with the
dead

Raiskaa maailma, ylin Jumala

Maailman kÄrsimyksen kabbala

Mustin surma vaalein vapahdys

Viiruksen kuolema, kuninkaan pelastus

Rape the world, clear the path of the kings

Great destroyer, devour these harlots of sin

Illumination!

The order of Ashim sings

I am prepared for the anointment within

Yvarech cha Ehieh veyshim recha

lear Ehieh panav vichuneka elecha

lisa Ehieh panav elecha veyasem lecha Leviathan

Baruch ata Adonai, noten hashatan

Introibo in sephirah tuam

Adorabo ad templum sanctum tuum

In timore tuo...

Propter inimicos meos

Dirige in conspectu tuo viam meam

O serpent slithering back to the brightest chaos

Devour all obstacles, for where He is, I am

Divine circle, a blessing, a curse

Kings crowned through severity

Withdrawal of the universe

To the bliss of samadhi's serenity

Pralaya...

Motionless Rest!
