I'm counting down the days 'til I can get the fuck out of
this place

I swear I'm never coming back 'cause I found
everything that I lack

I found comfort in a land far away

Where I don't feel like I've got a foot in the grave

It's not about you, it's about me

Leave me alone

I'm so sick of fighting with every single person that I
know

And I'm so sick of lying and burying myself in a hole

I just want to fill that tank up and drive

It's the only thing that still makes me feel alive

I don't think I'll ever make it out alive

So I might as well just kill myself tonight

I don't want to

But I don't see any other way
