It's you! It's you!  
You're the only reason that I wake up in the morning  
and make it through  
The day. Every day.  
From the second I wake up until I pass out on the floor  
from all of the pain.

Something seems right and it's something I can't  
explain.  
This wave washes over me when I hear your name.

I think this time it's true. It's true!  
I haven't felt this good in years, and I think it's all  
because of you.  
I'm confused, yeah, I'm confused.  
I'm so used to feeling fucked up I simply don't know  
what else I can do.

Forget about the past, forget about the loss,  
Forget about what it all costs.  
It's all so irrelevant.

Forget about the pain. Forget about the shame.  
Forget about everything.  
It doesn't matter anyway.

I just wanna spend some time with you.  
With you.  
Fuck the rest of the world.  
I just wanna spend some time with you.
