(feat. Maya)

Everytime i'm with you
And everytime we meet
I just stop myself from telling you
I'm falling too deep
The way you're walking by
And the way you caught my eye
And the way I feel so bad when we say goodbye

Everytime i'm with you
And everytime we meet

I just stop myself from telling you
I'm falling too deep
The way your'e walking by
And the way you caught my eye
And the way I feel so bad when we say goodbye

For the first time
You've got me baby
ya ya ya ya
the first time
You've got me baby
ya ya ya
