Ever since that day
that you looked into my eyes
I knew I wanted to be yours forever

Every day and night
you're all I think about
I know that we belong together

And here we are in each others arms
and I'm praying that we never have to go

Your eyes bright blue as the sky
deeper than the sea
warm as the sun
and peaceful as a light breeze

Your eyes capture me in an instant
and leave me hypnotized
and I get lost every time
in your eyes

Ever since that day
that you looked into my eyes
I knew I wanted to be yours forever

Every day and night
you're all I think about
I know that we belong together

And here we are in each others arms
and I'm praying that we never have to go

Your eyes are like the waves of sky
deep within the sea
warm as the sun
and peaceful as a light breeze

Your eyes capture me in an instant
and leave me hypnotized
and I get lost every time
in your eyes

Every day and night
you're all I think about
I know that we belong together

And since I found you I don't know what I'd do
if you and I weren't together no, no, no, no, no, no
you give me life
in a way that I will never be able to describe

Your eyes bright blue as the sky
deeper than the sea
warm as the sun
and peaceful as a light breeze

Your eyes capture me in an instant
and leave me hypnotized
and I get lost every time
in your eyes
