Didn't I tell you it was gonna be hard  
Didn't I tell you it was gonna be hard  
But you look at me and you know everything  
I don't have to say a word you know what I mean  
Now I realize didn't tell you I was wrong  
Love is so hard for us it will be gone  
But if we fantasies was it really right or wrong  
Or is it time for us will it be strong

Baby we had it all  
Now it just kills me how we are starting to fall  
You gotta know I was protecting you from loving me  
You gotta know  
You gotta know I always knew  
Right from the moment I saw you  
It was love  
It was love  
It was love  
It was love

Didn't I tell you that I'm gonna be fine  
Didn't I tell you that I'm gonna be fine  
But I'm shattered here to pieces and I'm sad  
Don't know where I'm going don't know where I'm at  
Now I realize it wasn't meant to be  
There are so many reasons why it can't be  
And all I know is what is in your face  
You got it all it's written all over the place
