"Over You"

Tonight I was craving for someone
Intoxicated with some wine
God I was blind
So I took the phone
I'm calling you
So stupid of me to
I was over you

And I was trying to tell you
It was never good for you
You never listen to anything
That I ever said to you
It took sometime before I realized
You will never see me through
Now it's time I'm telling you
I am over you

Oh give me the strength
To walk away
To walk away from him
I was over him
And oh give me the power
To let go of everything
Thought it was oh so true
I was over you

And I was trying to tell you
It was never good for you
You never listen to anything
That I ever said to you
It took sometime before I realized
You will never see me through
Now it's time I'm telling you
I am over you

Had you ever realized
All the pain was in your eyes
You would never be surprised
I wouldn't have to compromise
I've tried and tried
I swallowed all my pride

I never had to be lied
Oh no not I
