You were the light
All through the night
Now there's only sadness
Leading in my life
You were the light...

I lost my way a long time baby
Searching for you
You don't know, you don't know
I lost my way a long time baby
Searching for you
You don't know, you don't know, you don't know

You were the light

All through the night
Now there's only sadness
Leading in my life
You were the light...

And now your gone
You're gone... gone...

And now your gone...
You're gone... gone...

I lost my way a long time baby
Searching for you
You don't know, you don't know, you don't know...
