Kurayami no naka de ugomeku tamashii yo
Haruka naru sora kara chikara o atae you
Fuki areru arashi tsuki sasaru inazuma
Kanashimi no subete ga omae o tataeru

Chihei no kanata e kake nukeru sono yuushi
Yagate kono sekai ga hirefusu made

Shade over, hold over
Subete omae no te ni
Cloud over, seize over
Tsuyoku nigirishimete
Shade over, hold over forever
Just show your force midnight
And display your influence
'Cause all is your own

When you're moving in stormy night
The vice is being born on the earth
And as if there is all in your hands
No more the heaven can stop you

When you're breathing in the stilly night
The grief is being full over the sky
Though only death beats you in the world
No more the heaven can kill you

I'd be the blood of your heart
I'd be the bravery of your soul
Soon I'd be a part of you
Because of victories

Shade over, hold over
Subete kokoro no mama
Cloud over, seize over
Ima wa ooi tsukuse
Shade over, hold over forever
Just show your force midnight
And display your influence
'Cause all is your own

Shade over, hold over

Subete kokoro no mama
Cloud over, seize over
Ima wa ooi tsukuse
Shade over, hold over forever
Just show your force midnight
And display your influence
'Cause all is your own
