Lost in the cold that I've never known
Awaken only by a miracle
Sit in the blood
And let your eyes flood
Just don't let go...

(I owe it all to you)

12 years later on a normal day
The telephone rings in the most unexpected way
The call is for you
No it can't be true
I owe it all to you

I will wait, I will bleed
I'm not ready to leave
With my soul in my hand
And my heart on my sleeve
Is it safe to assume
At the end of the day
When you're lost in a dream
You'll still find your way

I can't see anything but differently
No surprise the doctor quit the very next day
He looks up to you,
The front page included:
They all remember you

You saved my life...
You saved me.

I will wait, I will bleed
I'm not ready to leave
With my soul in my hand
And my heart on my sleeve
Is it safe to assume
At the end of the day
When you're lost in a dream
You'll still find your way

I will wait, I will bleed
I will wait, I will bleed
With my soul in my hand
And my heart on my sleeve
