You don't talk so tough
But you'll let me know when you've had enough
We all drink too much
And I'd let it go I've just had enough

It's beyond me
Why we're so few and far between
No one believes
No one believes in anything

I'd let it go I've just had enough
I'd let it go I've just had it
Say say say anything to me

Say somethin, say nothin
I'm through anticipating
I won't let go until you say
(Say say) something say anything
Everyone is singing so
Say something say anything to me

If I could say
Something to take your pain away
You know I would
I can't let it go 'til I've had enough
Can't let you go 'til I've had enough

Cat got your tongue when you're with me
Say say say anything to me

Say somethin, say nothin
I'm through anticipating
I won't let go until you say
(Say say) something say anything
Everyone is singing so
Say something say anything to me

Say somethin, say nothin
Oh so suspenseful are we
No I'm not leavin til you say
Something say anything

Everyone is singing why oh why aren't we?
Say anything to me
Say aomething say nothin
Everyone is screaming why oh why can't we?
Say anything
Say anything to me
