"Something New"

Come on get down
Shake it around
You don't care about nobody else
But yourself

And no one else can save you now

We get around
We're all over town
We're all about the songs you sing
And how you make them sound

The whole wide world is watching now

We won't give up
We won't give in
We won't keep chasing after you
Nobody's home, it's nothing new

Come on get down
Shake it around
I'm alive to tear this city up
From inside out

And no one else can stop us now!

We won't give up
We won't give in
We won't keep chasing after you
Nobody's home, it's nothing new

Looking for something new
I know exactly who
Something you never knew
I know exactly who you are
I know exactly who
I know exactly who you are

Anyone at all
Anyone but you
... something new

Everyone wants something new
