Time to find another life of your own
Another fork in the road
He couldn't last another day in this world
He'd rather be alone

All the eyes on the kids are wide open
Mind of their own
Some habits will never be broken
It's something we know

He's going away (whoa oh oh)
He's going away (whoa oh oh)
Four times is three too many now
He's going away

May your eyes be wide open
May your eyes be wide open

He's going away (whoa oh oh)
He's going away (whoa oh oh)
One two three four times too many now
He's going away
