Town, town, town, town, town, town, town, toen,  
town, town, town, town (town)

Why-why-why

Why does she say so?

That money defines love

I couldn't believe it

She's was lost in a long run

I said in this town, in this town, town, town

No one runs around, round, round

In this town, in this town, town, town

We're going down, down, down

Let's get funny with the money

She said

Let's get funny with the money

Why does the right go?

When you live in a small town

Can't we go back now?

To where we belong, yeah

In this town, in this town, town, town

No one runs around, round, round

In this town, in this town, town, town

We're going down, down, down

Let's get funny with the money

She said

Let's get funny with the money

Money for the leaders

Money loves to travel

Money's a bigger deal

Money never lies

Let's get funny with the money

Money, money, money, money

Let get funny with the, oh money!

(La, la, la, la, la, la, la)

Town, town, town, town...

We must leave this town before it's time to go

(town, town, town)

Understand that time has come to say goodbye, bye,  
bye, bye, bye

In this town, in this town, town, town

No one runs around, round, round

In this town, in this town, town, town

We're going down, down, down
