Farewell to all my friends
who i will never see again
you have made me who i am

it's perfectly unclear
where i will be this time next year
let's fight fire with my fear
then run away

when my love has gone away
and you have me here everyday
it's so beautiful back then

when i gave you my hand
you promised me i'd live again
so i believe you are the only one for me
will we be able to stay like we did when you were sane
& i believe you are the only one for me

farewell to all my friends
who i will never see again
you have made me who i am
and will try hard not to forget you

goodbye to my sweetheart
filled my day up like a spark
so i will promise to pretend

my happiness relies in your living room desires
i will love you until i can't feel my hands

when i gave you my hand
you promised me i'd live again
so i believe you are the only one for me
will we be able to stay like we did when you were sane
& i believe you are the only one for me

and i'll be good to you
if you'll be good to me

farewell to all my friends
who i will never see again

you have made me who i am
and i love you
