Last night I fell in love without you
You gave me nothing to hold onto
I got caught up in your game

Somehow I bought every lie you sold me
Fell for every trick you showed me
Still I love you all the same

It hurts sometimes
But I can laugh it off
And now I'm done with the make-believe

Everybody's looking for love
What do I care?
Everybody's looking for love
That's why I'm not looking for love
I'm looking for you

I held on and looked for such a long time
Some people spend a lifetime
Trying to find "the one"

But I'm too young to live for
More than just a good time
Seems to be working for you just fine
It's time to have some fun

It hurts sometimes
But I can laugh it off
And now I'm done with the make-believe

Everybody's looking for love
Everybody's looking for love
That's why I'm not looking for love
YEAH!

Everybody's looking for love
What do I care?
Everybody's looking for love
That's why I'm not looking for love
I'm looking for you
