Late at night  
You got me running baby  
There's something funny  
'Bout the look in your eye

I know your type  
I've been through  
All this before  
I've gone to hell  
And I'm back for more

I know there's  
Something better  
Than when we are together  
Let's take a chance  
C'mon let's dance

All that we could be is  
All we'll ever be tonight

We're falling in a flame  
And we're burning in a marvelous light  
Yeah

When we're crashing down  
Will we make sound  
If no one hears?  
Since we're going down  
At least we're going  
Down in style

Fool me once  
You are the devil, baby  
Gave me an apple  
And I took a bite

Your lips don't lie  
You're still the devil baby  
But shame on me  
Cuz you fooled me twice

I know there's

Something better  
Than when we are together  
Let's take a chance  
C'mon let's dance!

All that we could be is  
All we'll ever be tonight

We're falling in a flame  
And we're burning in a marvelous light  
Yeah

When we're crashing down  
Will we make sound  
If no one hears?

Since we're going down  
At least we're going  
Down in style

There's really nothing better  
Than the view we have tonight  
Tonight, tonight, tonight!

All that we could be is  
All we'll ever be tonight

We're falling in a flame  
And we're burning in a marvelous light  
Yeah

When we're crashing down  
Will we make sound  
If no one hears?

Since we're going down  
At least we're going  
Down in style

All that we could be is  
All we'll ever be tonight (Tonight! )

We're falling in a flame  
And we're burning in a marvelous light

When we're crashing down (Crashing down)  
Will we make sound (Make a sound)  
If no one hears?

Since we're going down  
At least we're going

Down in style

Yeah...
