

Oh, Hush! "Look At Me"

Did you say something
I don't care anyway
Cuz I know either way
You're gonna think what you think

You wish I cared more
And respond to your blog
All you need is a hug
Like a dog who goes on the rug

Look, look at you
Ya know you're really something
Look, look at you
You're the drama queen
Look, look at you
Yeah, I'm over it
Look, look at you
No

Look at me
I'm the one you wanna be
I'm the one you're always after
But I'm on the next chapter
Look at me
I'm the one you'll never be
There's a mile in between us
And I know you haven't seen us
Look at me

I'm sick of playing
Your stupid games
I can't remember your name
I still hold the flame

You know I hated
Singing this song
To write all the words
And think about you for so long

Look, look at you
Ya know you're really something
Look, look at you

You're the drama queen
Look, look at you
Yeah, I'm over it
Look, look at you
No

Look at me
I'm the one you wanna be
I'm the one you're always after
But I'm on the next chapter
Look at me
I'm the one you'll never be
There's a mile in between us
And I know you haven't seen us
Look at me
Look at me

(You always know just what to see)
(Just shut your mouth and look at me)
Look, look at you
Look, look at you
No

Look at me
I'm the one you wanna be
I'm the one you're always after
But I'm on the next chapter
Look at me
I'm the one you'll never be
There's a mile in between us
And I know you haven't seen us
Look at me, at me, at me
Won't you look at me
