There must be something in the water  
that turns your complexion to  
the lovely shade of blue

There must be something in the way you say my name  
that makes me want to love you, riding through  
my teeth have bitten more then they can chew, my  
lungs are burning through and through  
is there a difference between poison and my pain

If there's a will then there's a way out of this place  
Wish for a pill that makes you large enough for escape

-Chorus-

Breathe don't die on me  
I've made a mess of everything  
I'm so sorry  
Breathe don't die on me  
I've made a mess of everything  
I'm so sorry I've hurt you, oww

On this special occasion the smoke in the room hurts  
your stomach  
I wish I could help but I'm tending to my own lungs  
If I make my way towards the window  
I'm sorry to report I think we're trapped with the  
animals

If there's a will then there's a way out of this place  
Wish for a pill that makes you large enough for escape

Breathe don't die on me  
I've made a mess of everything  
I'm so sorry  
Breathe don't die on me  
I've made a mess of everything  
I'm so sorry I've hurt you, oww

owww... I'm so sorry....

Breathe don't die on me  
I've made a mess of everything

I'm so sorry  
Breathe, breathe, breathe don't die on me  
I've made a mess of everything  
I'm so sorry I've hurt you, oww
