On the quest / For the holy Grail
Try and live / On razor's edge
Find a mountain / Or cross a valley
Why bother? / It's all for sale
True love was in her eyes
Burning truth was on her face
Even thought it was late at night
Saw her once There's no mistake

Now that we've found this precious place . . .
How do we keep from going crazy now?
My life was leading to this day
Watching the whole thing slip away
It's just a fool's paradise
It's just a fool's paradise
It's just a fool's paradise anyhow

Dirty stains / On brand new linen
Fresh tracks / On virgin snow
Caught a saint / While he was sinning
People scream / What do they know
Turn it off and find religion
Tune it out and find a cause
Get it up and tell the world
Don't stop, Don't ever pause

Here in this place from all our dreams
It doesn't seem to make us better now
If it will get us through the night
With all our conscience still intact
It's just a fool's paradise . . . (etc.)

Two heads / Are better than one . . .
Two hearts / Bleed so much more
Serious / But no one laughing
Why run / When you can crawl
(True love around the corner--out of reach, so hard to hold)
My life's an open letter
Tear it up--and throw it away
