Every time I think I've got you figured out  
Every time I think I've got you in a Chinese Box.  
Every time I think I have got you nailed to the cross  
again...  
You're still happy, now...!

Every time I think I've gotten you everything.  
Every time I remember somewhere we have been.  
Every time I think that I have reintroduced you to my  
life...  
You're still glowing, now...!

We did it there! We did it there!  
We did it there! We did it there!

Every time look I see another place.  
When I look at you I see another face.  
Every time I feel that I've been melted into a pool of  
blood...  
You're still glowing, yeah...!

Every time I see a place that we have been.  
When I think of you I think of what we did.  
Every time I look at you I cannot seem to feel  
prepared...  
You're still glowing, yeah...!

We did it there! We did it there!  
We did it there! We did it there!

Ordinary furniture.  
Ordinary room.  
Glowing still for  
Glowing just like you...!

We did it there.  
(We did it there.)  
We did it there.  
(We did it there.)  
We did it there.  
(We did it there.)

We did it we did it... there!

We did it there! We did it there!  
Things will never be the same  
At each and every place place we've been!  
We did it there we did it there!  
That place will ever be the same!  
Did something there where we have been.  
There's cruelty in the memory!  
We did it there we did it there!

Every time I see another place where we have been.  
It becomes a second temple.  
Praying to our sins.

We did it there! We did it there!  
We did it there! We did it there!

We did it there.  
(We did it there.)  
We did it there.  
(We did it there.)  
We did it there.  
(We did it there.)  
We did it we did it... there!

Bright moonshine.  
Where'd my dream go?  
Love's all gone.

Where did my lucky star go?  
Where did my lucky star go?

Where'd my girl go?  
Love's all gone.  
Where'd that girl go?

Where did my lucky star go?  
Where did my lucky star go?

Had a life.  
Life's gone now.  
Where's that thing go?

Where did my lucky star go?  
Where did my lucky star go?

Had some sex.  
Sex gone now.  
Where'd that sex go?

Where did my lucky star go?  
Where did my lucky star go?

Yeah...  
Yeah...  
Oh Yeah!!!

Where did my lucky star go?  
Where did my lucky star go?

Yeah...  
Yeah...  
Oh Yeah!!!

Where did my lucky star go?  
Where did my lucky star go?

We did it like rabbits.  
While on fire.  
...falling in my arms again.  
We did it like that.  
We did it like that.  
We did it there  
We did it there  
We hide society from our sins.  
We did it there  
We did it there  
We did it we did it there.

Every time I think I've got you figured out  
Every time I think I've got you in a Chinese Box.  
Every time I think I have got you nailed on the cross  
again...  
You're still glowing now!

Every time I see a place that we have been.  
When I think of you I think of what we did.  
Every time I look at you I cannot seem to feel  
prepared...  
You're still glowing, yeah...!

We did it there we did it there!  
That place will ever be the same!  
Did something there where we have been.  
There's cruelty in the memory!  
We did it there we did it there!

Every time I think I love you,  
I remember burning embers.  
Makes me dizzy.  
Glowing embers.

I remember.  
We're so sweaty.  
Altogether I remember!  
Jeans undone, sweating face.  
I remember I remember.  
Moving slow, sweating bullets.  
Glowing embers.  
I remember...  
We're on fire we're on fire.  
Glowing face and smelly breath.
