When two men kiss
Walk hand in hand
The fear of what
You don't understand
Explodes into violence
Screams break the silence
"The guy was a poof"
"The guy was queer"
Dehumanised
And living in fear
No, you're not thick
And you say they're sick
But the only sickness
I can see
Is the cancer of
Your bigotry
What kind of society do we live in where the simple act
of showing love and affection towards another human
being results in this kind of sickening murderous
violence? Intolerance, bigotry and hate - I say it's time
to stop.
From nazi boneheads to Bad Brains - Warped attitudes
that we must change and it's not just homophobia -
Rampant sexism, macho dancing, beating of woman -
All this is rife within the "scene" - often closer to home
than we care to acknowledge. It's time to stop
sweeping things under the carpeted - Confront the
problems - And act.
