"Annihilation"

Annihilation is to one the means to an end
Armageddon the war to end all wars, the extremists'
end
Annihilaton annihilation
Annihilation self destruction
The streets are on fire, death in our wake
Cas overturned, bodies are raped
You go on
Preaching religious dogma, while paying for and
sanctioning vicious murders
Annihilation annihilation annihilation praise
Destruction
You go on playing with people's lives
Using their minds, you want total control
Stay in line
Anihilation
Annihilation th judgement day
Armageddon armagedon are you going to let them
blow you away?
