## Verse 2: Wildstyle

Can't help it I'm bogus  
Feel like fuckin' my worst up  
With danger one in the chamber  
Strangers in the skies

In every hood they spray-a lay-a down straight fuckin

Once upon blayzin' hay up  
I was gettin buckwild with an all up crowd  
It shattered this time no break  
A window shattered grabbed my matic it's havoc  
No hesitator  
Lay ya before I lay ya parlay ya  
Wouldn't wanna be ya see ya later  
Let'em come out these clowns are perpatrators  
Because a nigga had to hate ya  
Bend 'em up just like a stapler  
My nature straight takin' humanity
