Comin out of the back in this motherfucker
Yall disgusted bustas can't be trusted for nothing
Fucking with this hillbilly wild westside

Nothing nice, no ice, you chase
We fuckin niggas up across the nation
Wit no lubrication dick is thick
And coming at them like Hitler (fuck you)
Act like you don't hear me then,
Wake up high we in your chin
We embursted with a curse and be worse
First and kick first now vice-versa
Two feet first they kick first and worse
Reimburse the winning 'cause I'm first at somethin

Chorus

Verse Two: Never

Bring to you hoes knockin down your door
Tryin to knock some chunks out yo rump,
At night to the broad daylight
If you wanna gang fight droppin yall one by one,
Coming at them with the quickness with the flickness,
Gonna sign your death wish

Slappin you hoes makin sure your eyes closed
Take em out by mouth and blindfold
With the foot on your chest you know the rest nigga

Anyways get sprayed your laying in the grave,
Pop em, drop em, re-cock em,
Then squeeze them we deceased to be the defeated,
