She likes the attention  
The thrill of me chasing her  
And I just gotta, gotta, just gotta  
Just gotta, gotta have her

She's not like the others  
There's something about this girl  
And I just, gotta, gotta, just gotta  
Just gotta, gotta have her

Making her way through my system  
She's become my addiction  
And I can't get, can't get enough of her loving  
No, cause when she's gone I'll be wishing  
I could see her again  
And it's out of my hands  
She's my addiction

She's my addiction  
She's my addiction  
She's my addiction

She's got me all worked up  
Just thinking bout her loving  
And I just, gotta, gotta, just gotta  
Just gotta, gotta have her

Whatever it takes and  
Whatever she needs I get  
Cause I just, gotta, gotta, just gotta  
Just gotta, gotta have her

Making her way through my system  
She's become my addiction  
And I can't get, can't get enough of her loving  
No, cause when she's gone I'll be wishing  
I could see her again  
And it's out of my hands  
She's my addiction

She's my addiction

She's my addiction  
She's my addiction

I'm on my permanent vacation  
When she's by my side  
Only a dose of what she got  
Can keep me satisfied  
I need her morning, noon  
Night just to level out  
No exceptions  
She's my addiction

I'm on my permanent vacation  
When she's by my side  
Only a dose of what she got  
Can keep me satisfied  
I need her morning, noon  
Night just to level out  
No exceptions  
She's my addiction, ohh

Making her way through my system  
She's become my addiction  
And I can't get, can't get enough of her loving  
No, cause when she's gone I'll be wishing  
I could see her again  
And it's out of my hands  
She's my addiction

She's my addiction  
She's my addiction  
She's my addiction  
My addiction

Making her way through my system  
She's become my addiction, ohh  
(And I just gotta, gotta, just gotta)  
(Just gotta, gotta have her)  
Cause when she's gone I'll be wishing  
I could see her again  
(And I just gotta, gotta, just gotta)  
(Just gotta, gotta have her)  
I wish I could see her again

She's my addiction  
She's my addiction  
She's my addiction  
She's my addiction

She's my addiction  
She's my addiction

She's my addiction
