I wanna be where you are  
My baby girl  
I'm here to give all my love to you

I didn't treat you right  
I wasn't there at night  
Wasn't always the man I should have been  
Wasn't there for you  
Guess I never know how much I needed you

And it got out of hand  
I wouldn't understand  
That it could be much more than just pretend  
It wasn't plain to see  
But now I know I want you back in my life again

So now I'm leaving everything behind tonight  
Just to let you know (ooh)

I wanna be where you are  
My baby girl  
I'm here to give all my love to you  
I guess that I always knew  
My baby girl  
I'm gonna sing every word to you

I know you have your doubts  
But we can work it out  
I promise we can get it right this time around  
Waiting for you call  
Cause now I realize I wanna have it all

Girl I was out of line  
Ready to give it time  
I'm gonna show you that I need you to be mine  
What if I let you know  
I only live because I'll never let you go

So now I'm leaving everything behind tonight  
Just to let you know...

I wanna be where you are  
My baby girl  
I'm here to give all my love to you  
I guess that I always knew  
My baby girl  
I'm gonna sing every word to you

Our love was meant to be  
Now I'm sure that you're the one  
You are still my baby girl  
I just gotta look at you  
Baby you're so beautiful  
You are still my baby girl

I wanna be where you are  
My baby girl  
I'm here to give all my love to you  
I guess that I always knew  
My baby girl  
I'm gonna sing every word to you

I wanna be where you are  
My baby girl  
I'm here to give all my love to you  
I guess that I always knew  
My baby girl  
I'm gonna sing every word to you
