Girl you told me, that you don't think that I'm the one
for you
And you showed me, it doesn't really matter what I do
But each and every step I take, leads me back to you
And I fear when I'm awake, my dreams will not come
true

I don't know what else to do when I'm close to you
Than hold my breath and cross my fingers
No matter what you're saying, I'd still be praying and
keep on coming back for more
Cause all I do is dream about you and all I do is
thinking of you all the time
Wishing you where mine

Girl I told you, I'll give the world to be the one you need
And let me show you, there'll never be another one for
me
Now I'm picking myself apart I wanna be all I can be
Cause in the puzzle of my heart you're the missing
piece

I don't know what else to do when I'm close to you
Than hold my breath and cross my fingers
No matter what you're saying, I'd still be praying and
keep on coming back for more
Cause all I do is dream about you and all I do is
thinking of you all the time
Wishing you where mine till the end of time

I don't know what else to do when I'm close to you
Than hold my breath and cross my fingers
No matter what you're saying, I'd still be praying and
keep on coming back for more
Cause all I do is dream about you and all I do is
thinking of you all the time
Wishing you where mine
