Oh oh [x4] Ooh oh right  
Now I'm pimped out suits on I swear to god  
I'm gettin' it on  
Champagne charge the card  
Tippin' the bottle till it's gone  
It's you girl  
I'm wanting to know  
You feeling me we're good to go  
Tell your friends to get with mine  
All I want is just tonight

The feelings so right got me blown away  
Body's so good can't take it's about time that we get it  
on baby  
You got what I like I'll do what it takes  
So if that's what you want then we do it your way

Chorus

You gotta get up off your seat now baby  
We ani't got there'st of our lives  
Cause if that's how you want it  
Then that's how we do it  
You know the music got you movin' baby  
We got all night  
So if that's how you want it  
Well then that's how we do it

Oh oh [x4] Ooh oh right  
So now we turn the page  
Got to know who we are  
We're letting it go  
Glad you came, seems to me  
All we need is privacy  
Here we are  
I can't explain it  
I want to know you feel the same  
You and me from the start  
Want you to know that you're the star

The feelings so right got me blown away  
Body's so good can't take it's about time that we get it

on baby  
You got what I like I'll do what it takes  
So if that's what you want then we do it your way

Chorus [x2]

I can't stop feeling you girl  
Your beauty's got me freaking out girl  
You're too hot for me to let go  
You need to know girl[x2]

Chorus [x2]
