I've got a big one, a really big one
A big heart that's beating for you
I've got a big one, I mean a big one
A heart that's over-heating for you

Please, please, please keep your hands off me
Please, please, please cool me down
Please, please, please won't you set me free
And bring my heartbeat down

I've got a big one, I said a big one
A big heart that will open up your eyes
I've got a big one, that's right a big one
That will give you a lovely surprise

Chorus

Instrumental break

Chorus

I've got a big one, a truly big one
A big heart with one thing to do
I've got a big one, see a big one
A big heart that's looking out for you

Chorus
