I'm a city boy with country in my soul
I love the beat and dance to rock and roll
I've played the sound I like and wanna hear
I like that country music it's fast it's bright and clear

Chorus

C'mon baby lets do some rocking
C'mon baby lets do some rocking
C'mon baby lets dance to rock and roll
C'mon baby lets do some rocking
C'mon baby lets do some rocking
C'mon baby lets dance to rock and roll
We're dancing cos' that music in my soul

I'm a lover who needs sweet music for my sounds
I need my mind set fixed upon the ground
Lead guitar licks makes my mind go high
It's driving beat can reach out make me wanna fly
Words that let me hear what's in my heart
I need some rocking music from the start

Memories of rock are in my heart
They fill my life in each and every part
Don't wanna change my singing styles for now
Don't wanna do no new songs, no new songs anyhow
Been in my heart since I learned to walk
I've had the rhythm, since I learned to walk
