I've stayed with you
Though we are through
I've talked and loved you for a while
I've tried so hard
To make you feel alright
I went that extra mile
I tried to make you smile
I stayed with you
It was the easy thing to do
But nows the time to part
Before you break my heart
I'm leaving you (repeat)

We met when we were young
We both knew it was wrong
But now it's time
To calmly walk away
No looking back behind
No reason left to find
It's over now
We'll go our separate ways
But nows the time to part
Before you break my heart
I'm leaving you (repeat)

We thought our ove would last
With memories from the past
We knew one day
Our love might go bad
So now lets do it right
We'er say a quite goodnight
I'm going now
Remembering what we had
But nows the time to part
Before you break my heart
I'm leaving you (repeat twice)
