Hush up honey, don't you cry  
Things are going to get better in the by-  
And-by  
And there ain't a thing for a poor man

In this world

Work through the winter, work through the  
Spring  
Yeah plant my corn and taters and then  
It wouldn't rain  
And there ain't a thing for a poor man

In this world

Now I got down on my knees  
Lord I thought I'd pray  
Along come a great big flood  
Washed everything away  
And there ain't a thing for a poor man

In this world

Work through the winter, Lord, work  
Through this fall  
All I got for Christmas was a pair of  
Overalls  
And there ain't a thing for a poor man

In this world

Well I got down on my knees  
Looked up to the sky  
All I can think of is to ask the good Lord  
Why  
And there ain't a thing for a poor man

In this world

Well hush up, honey, Lord don't get  
Down

You know that I love you every way  
Around  
And there ain't a thing for a poor man

In this world

And there ain't a thing for a poor man

In this world
