For all the O.G.'s  
And all the real G's

(PRODEJE & LV)

Just another day in the hood with my G's  
Tryin' to make a end, I don't wanna slang ki's  
But how to comprmise bein' broke to a baller  
I ain't bein' broke when you're short than you're smaller  
Kickin' up dust cause I'm doin' what I must do  
(Runnin' from the boys I even have to rush fool)  
Tryin' to play me cause I never got courted in  
Bring it on then I'ma show you how it's done friend  
Mr. Prod from the West Side move to the East Side  
I know a lotta real Loc G's right  
(G's is trying to make it when it's harder than hell)  
(Everybody knows your name yo whatever you bail)  
One time is on yo' back cause they want you in the  
damn pen  
Lil' Locs trippin' when you tryna regulate them  
Real O.G. you got to represent your G, Loc  
Make 'em understand there's a better way to G, Loc

(Chorus)

Just another day in the hood  
G'z are on da move  
You better be careful and watch your back  
Cause G'z are on da move...

(? & LV)

Bein' that, I'm a young gangsta on the move  
Plus a youngsta amongst us  
(G's roll in D's and slankin' ki's)  
It's so much game I soaked, I learned to slang the dope  
Then clock a gangsta Loc, gang's tellin': dank's to  
smoke  
And as I peep the bustas hit me up as I pass  
I ain't even bangin' but I be ready to blast  
But that keeps the dank goin' on and on  
Down fo' my hood and up to no good, rubbin' my  
chrome  
And as I think

(You pulls a threat, you'll end up wet and then I jet with  
no regret)  
Protecting and serving is a must  
But trip just between us sometime watch make you kick  
off dust  
(So do your blast or do your smash or put the whole  
situation in the past)  
Maybe or maybe not is a G on the move ain't no thang  
I'm still Loc but we need to make a change

(Chorus...)

(L.V.)  
Just another day in the hood with the G's  
I don't wanna slang ki's  
All I wanna do is kick it with my homies (chillin' in the  
hood)  
Regulatin' B.G.'s  
Slow it down Locs or you might get smoked  
And I don't wanna have to goin' hoo-ride  
Game is deeper Loc's  
When G's are on the move  
We need to be down with the truce homie, oh yes we do  
That's the way it needs to be

(Chorus...)
