[Verse 1]

sun' s coming up in the sky
I'm watching the birds passing on by
It makes me wanna cry

[Chorus:]

Lalala lalala laaaaaaa
lalala lalala laaaaa
la la la la la laaaaaa la la la la laaaaaaa

[Verse 2]

Im lying face upon the ground
Watching the clouds running around
It makes me feel so high
It makes me feel so high

[Chorus x3]

[Verse 3]

One day this trip will surely end
And there's no need to start again
One day this trip will surely end
And there's no need to start again

so leave it all behind
leave it all behind (x12)

[repete till the end of the song]
