Transformed into the night
I'm at one with the dark,
I have life within my strength
Yet it feels like I'm dead.

I feel hate.

Born as a man, raised as a demon
Only death will do us apart,
The beast in my innerself,
Awakes...

A lord from within,
A demon inside.
Together as one
We will grow strong.

We fell hate.

The wrath I feel inside
Is like the devil himself,
This feeling I have learned to love
Has corrupted my soul.

A lord from within,
A demon inside.
Together as one
We will grow strong.
